

# INTERNATIONAL CONGRESS ON LABORATORY MEDICINE

**September 23-25 | 2020**

**Organizers:**

**BAKXAM**  
Всеукраїнська Асоціація клінічної  
хімії та лабораторної медицини

## OFFICIAL REPORT

**ACCO International Exhibition Centre**  
**40-B, Peremohy Avenue, Kyiv, Ukraine**

**[www.labcomplex.com](http://www.labcomplex.com) | [www.lmt.kiev.ua](http://www.lmt.kiev.ua)**

**International Congress on Laboratory Medicine dedicated to the memory of the President of the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Head of clinical laboratory diagnostics NMAPE named after P. L. Shupyk, professor Ganna Gennadiivna Lunova**

On September 23, at the opening of a two-day scientific-practical conference with international participation «Efficiency, quality and availability of modern laboratory medicine in Ukraine», the President of the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Head of clinical laboratory diagnostics NMAPE named after P. L. Shupyk, professor Ganna Gennadiivna Lunova was posthumously awarded with the highest public medical award - the Order «PRIDE OF MEDICINE OF UKRAINE».

The order was awarded by Ivan Soroka - President of the Ukrainian Medical Club - representatives of the National Medical Academy of Postgraduate Education named after PL Shupyk and the NGO «Ukrainian Association of Clinical Chemistry and Laboratory Medicine of Ukraine».

At the Congress, visitors heard about new laboratory equipment, saw it with their own eyes, tested and learned about the peculiarities of their practical application, built long-term business relationships between manufacturers, suppliers of laboratory equipment and specialists in laboratory research, improved skills and exchanged experiences with colleagues.

## ORGANIZERS

P.L. Shupyk National Medical Academy of Postgraduate Education

National Academy of Medical Sciences of Ukraine

Association of Clinical Chemistry and Laboratory Medicine of Ukraine

LMT Group of Companies

## OFFICIAL STATISTICS

**3000<sub>m²</sub>** of exhibition area

**50** participating companies

**4000** visitors offline and online

**161** speaker

**15** scientific-practical events

**13** master classes

**17** organizers and co-organizers

## PARTICIPANTS OF THE EXHIBITION

## FACTS AND FIGURES. VISITORS 2020

**4000** visitors **online** and **offline**

## GEOGRAPHY OF VISITORS

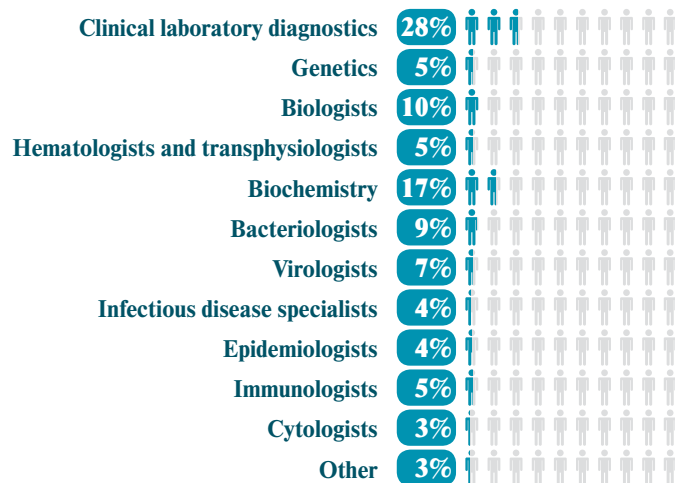

## PROFESSIONAL STAFF

## SPECIALIZATION OF VISITORS

International Congress on Laboratory Medicine dedicated to the memory of the President of the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Head of clinical laboratory diagnostics NMAPE named after P. L. Shupyk, professor Ganna Gennadiivna Lunova

For the first time in Ukraine under quarantine conditions, the LMT Group of Companies managed to hold an exhibition event both **online** and **offline**, attracting a total of more **than 4 000 specialists!**

## CONGRESS ORGANIZERS

## FIGURES AND FACTS OF THE CONGRESS

**15** scientific-practical events

**161** speaker

**13** master classes

**17** organizers and co-organizers

## THEMATIC DIRECTIONS OF THE CONGRESS

### Laboratory diagnostics:

- Diagnosis of the immune system
- Study of hemostasis
- Assessment of hormonal status
- Biochemical research
- Determination of tumor markers
- Diagnosis of infections
- General clinical studies

### Clinical immunology:

- Immunopathology
- Allergology
- Autoimmunization
- Immunosuppression
- Immunohematology
- Immunogenetics

### Laboratory genetics:

- Genetic research: cytogenetics (karyotype), markers of genetic diseases

### Cytomorphology:

- Parasitology
- Hematology
- Cytology of biological media

### Microbiology and virology:

- Microscopy, cultural studies
- Molecular biological research (PCR): viral, fungal, bacterial
- Parasitic research

## SCIENTIFIC-PRACTICAL EVENTS OF THE CONGRESS

Within the framework of the scientific and practical program of the Congress, conferences, seminars, round tables, master classes devoted to basic and applied research, as well as the development of laboratory medicine were held continuously all three days.

The Congress is included in the «Register of Congresses, Congresses, Symposia and Scientific and Practical Conferences to be Held in 2020», approved by the National Academy of Medical Sciences and the Ministry of Health of Ukraine.

### COMPETITION

For two days in a row at the stand of HEMA, each specialist tested himself in the pipetting competition «Formula X! Laboratory races!» The prize fund was UAH 10 000!

### AT ICM ONLY

The first day of the Congress began with the official opening of a **two-day scientific-practical conference with international participation «Efficiency, quality and availability of modern laboratory medicine in Ukraine»**, dedicated to the memory of the President of the Association of Clinical Chemistry and Laboratory Medicine of Ukraine, Head of clinical laboratory diagnostics NMAPE named after P. L. Shupyk, professor Ganna Gennadiivna Lunova.

Sponsors of the conference:

### WITH SUCCESS

Specialists of the national blood system and doctors of all specialties involved in the organization of transfusion service in health care facilities and blood transfusion services were gathered by a **professional school with international participation «Applied issues of transfusion care and laboratory support of transfusions»**, organized by Kyiv Municipal Blood Center» of the executive body of the Kyiv City Council; Department of Hematology and Transfusiology of NMAPE named after PL Shupyk. Also for specialists of this specialization a **scientific-practical conference «Hemostasis - Terra incognita»** was organized by the Institute of Hematology and Transfusiology of the National Academy of Medical Sciences of Ukraine.

### UNIQUE

Current topics of accreditation and requirements for medical laboratories, European standards, directives, norms and mechanisms implemented and implemented in Ukraine in the medical field, European integration processes in the field of technical regulation in Ukraine were considered by LLC «Center for Quality Development» at the **scientific-practical seminar «European norms, directives and standards in the medical field. Risks of transition to new norms, minimization of risks»**.

### ACTUAL

Questions of laboratory information management (p. 5.10 DSTU EN ISO 15189: 2015), who needs what standard and why, concluding agreements on laboratory services and issuing results, how to effectively cooperate with biological material collection points, intra-laboratory quality control, accreditation and many others, no less relevant topics, were considered at the **workshop «School of Quality Manager according to the standard DSTU EN ISO 15189: 2015»**, organized by the magazine «Laboratory Case».

The seminar, which took place offline and online, was conducted by the participant and partner of the Congress of **DNA-TECHNOLOGY UKRAINE LLC** for the heads of CDL and laboratory medicine specialists.

### WITH SUCCESS

**Scientific-practical conference «Infectious diseases in the modern world: epidemiology, diagnosis, treatment, prevention, biological safety»** for epidemiologists, infectious disease specialists, parasitologists, microbiologists, virologists was organized by the State Institution «Institute of Epidemiology and Infectious Diseases. L.V. Gromashevsky National Academy of Medical Sciences of Ukraine».

### ACTUAL

The partner of the Congress of the International School of Technical Legislation and Quality Management (ISTL) gathered the heads of laboratories, quality managers of medical laboratories, leading specialists of medical laboratories at the **round table «Risk management in a medical laboratory: workshop and discussion»**.

**AT ICM ONLY** For two days in a row, an authoritative practical event took place - **UKRAINIAN LABORATORY SCHOOL**, where master classes were held on existing equipment with the possibility of testing, tips and practical nuances of use, as well as qualified advice from industry experts. The organizers of the school are: NAMS of Ukraine; Laboratory and metrological service of NAMS; Interinstitutional Reference Laboratory Center of NAMS; Association of Clinical Chemistry and Laboratory Medicine of Ukraine; SI «National Research Center «Institute of Cardiology named after Academician M.D. Strazheska NAMS of Ukraine»; LMT Group of Companies, market companies.

**AT ICM ONLY** The heads of clinical laboratories and scientific laboratory departments were gathered by the **scientific-practical conference «Mediators of inflammation - their role in the pathogenesis of diseases»**, organized by NAMS of Ukraine; Laboratory and metrological service of NAMS; Interinstitutional Reference Laboratory

Center of NAMS; SI «National Research Center» Institute of Cardiology named after Academician M.D. Strazheska NAMS of Ukraine».

**NEW** Department of Medical and Laboratory Genetics of NMAPE named after PL Shupyk held two master classes: «Features of the postanalytic stage of cytogenetic and molecular cytogenetic studies. Possible mistakes and ways to prevent them» and «Multidisciplinary aspects of the diagnosis of hereditary thrombophilia in clinical practice.»

**NEW** within the framework of the Congress the events were held by the **Training and Research Center «Institute of Biology and Medicine» of Taras Shevchenko National University of Kyiv** on «Modern scientific achievements in experimental and laboratory medicine» and the Research Institute of Experimental and Clinical Medicine of the **National Medical University named after OO Bogomolets** on the topic «Modern diagnostic technologies in clinical practice».

**Organizing Committee of the International Congress of Laboratory Medicine  
thanks to partners, organizers of scientific and practical events,  
participants and visitors for trust and support!**

**AND WOULD LIKE TO INVITE YOU TO TAKE PART AND ATTEND**

## **II INTERNATIONAL CONGRESS ON LABORATORY MEDICINE**

**April 20–22 | 2021**

**ATTENTION! NEW VENUE**

**EC KyivExpoPlaza, Kyiv region, village Berezivka, Amsterdamska street, 1**

**On participation in the Exhibition:**

**Tel: +380 (67) 647-67-06, +380 (99) 532-40-35**

**E-mail: [med@lmt.kiev.ua](mailto:med@lmt.kiev.ua)**

**On participation in the scientific and practical program:**

**Tel: +380 (67) 427-38-86**
